SEASON 1948

To Our Friends:

We wish to thank our many friends and customers for their splendid cooperation and patronage during the past year.

We assure you that we are selling only the best plants available. All our plants are grown at our nursery, with the exception of a few items.

ABOUT GUARANTEE AND REPLACEMENT

So much depends on the care in protecting the roots from exposure. Delay in planting, careless planting, unfavorable weather conditions. That consideration on purchaser's part will show that to replace all losses is injustice to us. Thus, when there is an actual loss we replace at half price, except where noted otherwise.

Please buy early.

We owe all our success to you.

Thank you very much.
